UNWRAPPED STRAW DISPENSER

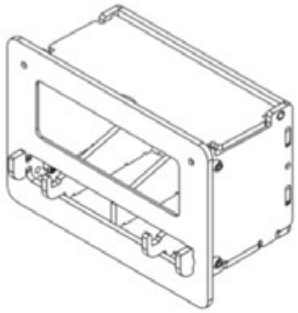
Before assembly takes place, be sure that all necessary tools & hardware have been collected and identified.

(1) Straw dispenser (0-5478)
(1) 5/32" hex key
(1) Needle nose pliers

INSTRUCTIONS

1. Determine the model of dispenser previously used. If the previous dispenser is similar to the model on the left, use the following instructions for 'Supplier version'. If it is similar to the model on the right, use the following instructions for 'Prestwick version'.

Supplier version



Prestwick version

a. Supplier version: Referencing the Mounting Screw Position Diagram on the following page, the 4 mounting screws (2 on left side, 2 on right side of dispenser) should be in position A for 1/8" panel mounting
b. Prestwick version: Referencing the Mounting Screw Position Diagram on the following page, the 4 mounting screws (2 on left side, 2 on right side of dispenser) should be in position B for 5/8" panel mounting

NOTE: If it is necessary to change the position of the mounting screws use a 5/32" hex key and needle nose pliers to hold the inner nut while the screw is repositioned. This will have to be repeated for all four (4) mounting screws.
